

**STILL STRUGGLING WITH GDPR?
READY FOR “PRIVACY BY DESIGN”?**

Concerned about the California Consumer Privacy Act?

Daymark’s GDPR / Privacy Workshop provides an experienced privacy and information governance attorney to jumpstart your customized compliance blueprint.

GDPR / PRIVACY WORKSHOP

ABOUT THE WORKSHOP

GDPR / PRIVACY WORKSHOP

Gain insights about your critical data privacy risks and develop a best practices blueprint to achieve compliance

The Daymark GDPR / Privacy Workshop is a full-day onsite workshop at your location. Privacy and information governance attorney Steven J. O’Neill will conduct a completely confidential top-level assessment of GDPR and privacy risks and create a customized blueprint to jumpstart compliance efforts. O’Neill has over 25 years of experience in technology law and privacy.

MORNING SESSION

Meetings with key stakeholders from IT, HR, C-Level, and business units to survey privacy threats and assess compliance levels of existing systems, covering:

- Location and format of personally identifiable information (PII)
- Assessment of systems architecture for Privacy by Design (PbD)
- Review of existing privacy and information security program (WISP)

LUNCH & LEARN

GDPR / PRIVACY 101 – Presentation of a practical legal primer focused on the risks presented by new privacy regulations

- Why GDPR is different?
- What is Privacy by Design (PbD)?
- Does GDPR apply to U.S. businesses?
- Is “good faith” compliance enough?
- Does the new CA privacy law apply?
- Do you need a Data Protection Officer (DPO)?
- Q & A

AFTERNOON SESSION

Guided workshop to address identified risks and create an initial compliance blueprint based on best practices

- Identification of internal privacy team
- Moderated discussion and breakout groups
- Strategies for automated data mapping
- Strategies for architecting Privacy by Design (PbD)
