DAYMARK
Navigate information technology

OVERVIEW

Daymark has been helping organizations navigate technology complexities for more than 20 years. With over 250 technical certifications, strategic partnerships with technology leaders, and an unmatched commitment to our customers' success, we architect and implement customized data center, cloud and government solutions to address the most difficult technical challenges.

1,000+ COMPLEX DEPLOYMENTS	**250+** TECHNICAL CERTIFICATIONS
24X7 SUPPORT SERVICES	**8 YRS.** AVERAGE TENURE OF CONSULTANTS
40+ DATA CENTER TO AZURE MIGRATIONS	**125,000+** MICROSOFT 365 CLOUD MIGRATIONS

▼ DATA CENTER

With 1,000+ complex integrations under our belt, we know how to architect the data center of tomorrow. We simplify IT infrastructure to support quick deployment of new applications and services, optimize network and storage performance, ensure support for cloud and mobile apps, and above all — always make sure your infrastructure is secure and your data is protected and compliant. We leverage best-of-breed technology from our close and long-term partnerships with industry leaders to ensure a successful project outcome every time.

▼ CLOUD

Our Microsoft-certified cloud consultants take the risk out of cloud and design a cloud environment – public, private or hybrid that is right for each organization. We are a Tier 1 Microsoft Cloud Service Provider with deep technical expertise in cloud assessment, architecture, implementation and migration services. We mitigate operational challenges and design solutions that provide consistent security, performance and management along with seamless data mobility, both on-prem and in the cloud.

▼ GOVERNMENT COMPLIANCE

If your organization handles sensitive government data and needs to comply with compliance regulations, we can simplify and speed the process. We are a Microsoft AOS-G Licensing Partner for Microsoft 365 Government Community Cloud (GCC), GCC High and Azure Government. We are also a Registered Provider Organization (RPO) of the Cybersecurity Maturity Model Certification (CMMC) Accreditation Body.

▼ INDUSTRY EXPERTISE
